Dear Families,

I hope you are well.

As we look ahead to the start of next term, I am writing to share our focus for the coming weeks: **Behaviours for Learning**. This focus is fundamental in supporting students to develop strong learning habits and establish a positive classroom culture, and we will be working closely with them to establish consistent expectations across all areas of the curriculum.

Staff will be reinforcing the following core routines:

- **Sitting at a student desk in the teaching area of the classroom**, ready to engage and participate.
- **Being seated safely and appropriately**, with students expected to sit fully in their chair with both feet on the floor.
- **Following clear routines** that help create a calm, structured learning environment where every student can succeed.

In addition, we will continue to emphasise our **“Right Place, Right Time”** expectation. Ensuring students move promptly to their lessons and are prepared for learning supports smoother transitions and helps maximise teaching time.

Your ongoing support in reinforcing these expectations at home is greatly appreciated. Working together allows us to provide the consistency and stability our students need to make positive progress.

If you have any questions or would like to discuss anything further, please do get in touch.

Kind regards,

Children's Support Service
